

AS 46 T Inox

special line

freehand

Normal steel and stainless steel, particularly suitable for sheet metal and thin-walled profiles. The standard disc used on tank farms and in tank construction.

Free of iron and sulphur. Requiring little effort, the special thin cutting disc is easy on man and machine. High cutting speed, long service life, hardly any burring.

Dimension inches	Speed r.p.m.	Content pieces	Shape	Item code	EAN
4 1/2 x 1/16 x 7/8	13280	25	straight	1111250	4081600 111118
5 x 1/16 x 7/8	12200	25	straight	1121250	4081600 121117

9 x 5/64 x 7/8	6600	25	cropped	1233250	4081600 153118

AS 46 T Inox Lifetime- Plus Tin

Lifetime- Plus

- over 30% * more service life (number of cuts)
- stops the natural ageing process of synthetic resin-bonded discs
- keeps cutting discs fresh until the pack is opened for the first time

Over 30% more service life*: With the new Lifetime- Plus concept, we have given the Power Pack tin an amazing new function. Lifetime- Plus seals in the full performance of the discs and keeps it there until the pack is opened for the first time. So these "fresh from the oven" discs ensure to put all their power onto the machine.
