25lt	Yellow	64.66	1s	FPRF002	5 391514 610249

Arc Frostproofer and Rapid Hardener is a chloride-free, concentrated liquid admixture for concrete and mortar which rapidly accelerates the setting and hardening times of cement mixes. Arc Frostproofer and Rapid Hardener produces a more dense concrete which improves the oil and water resistance of the mix. When mixed neat with Portland Cement it can be used to plug holes caused by pressure leaks. The admixture will also increase the workability of the mix so a separate plasticiser is not required. Made in Ireland.

Size	Thickness	List	Packed	Prod Code	Barcode
4.5"	1mm	1.64	25s	1110240-123	4 081600 110173

For thin sheet metal (of the type used in car bodies, tank farms and the tank construction sector), steel cable, thin-walled profile sections and pipes made of stainless steel and non-ferrous metals, composite materials (FRP), high temperature materials, e.g. repairing turbines. Very suitable for high alloy special steel, angular steel profiles, aluminium alloy, copper, brass bronze, angular stainless steel profiles. Well suitable for unalloyed and alloyed construction steel, very solid construction steel, tool steel. Limited suitability for cast. This very thin disc (1.0 mm) enables you to achieve a uniquely clean cut in the shortest possible time while using a minimum of force. Precise to the millimetre, vibration-free cutting, no thermal bluing and no burring (precluding the need for subsequent machining).

Size	Colour	List	Packed	Prod Code	Barcode
500ml	n/a	12.19	15s	MSBC001	5 012117 799192

BC-90 is a highly effective, professional-grade, powerful solvent cleaner for all brake and clutch parts. Its powerful flushing action quickly removes contaminants such as brake dust, grease, oil, road grime, and brake fluid. BC-90 is fast drying, does not leave a residue, minimises downtime and improves brake and clutch efficiency.

SC-90 STAINLESS STEEL CLEANER

Size	Colour	List	Packed	Prod Code	Barcode
500ml	n/a	18.95	15s	MSSC001	5 012117 996515

SC-90 a white foam specifically formulated for cleaning stainless steel and bright metals, that lifts invisible grime, polishes, and protects in one application. It is formulated with a light oil emulsion which leaves a non-greasy protective film that resists fingerprints and watermarks. It is also a very effective cleaner which lifts and removes grime easily and with minimal effort required.

SC-90 reduces the risk of re-contamination by eliminating run-off due to its stable, high-cling foam and is non-transferable to other surfaces, unlike 'wet oils'.

NSF A7 and C1 registered for use in the food and beverage sector for cleaning non-food contact surfaces in and around food processing areas.

IPA CLEANER

Size	Colour	List	Packed	Prod Code	Barcode
500ml	n/a	14.80	15s	MPIP001	5 012117 799994

A pure isopropyl alcohol solvent cleaner. IPA is a 'safe' and gentle industrial grade solvent cleaner used to clean painted and delicate surfaces, electronic PCB's, and electrical parts. It has excellent materials compatibility, preventing damage and premature failure. Conforms to BS1595, ASTM D770 and DIN 53245 specification, making it the optimal cleaner for removing light oil, flux, and contamination and moisture from electronics and apparatus. Fast-evaporating cleaner which does not leave a residue and is non-corrosive.
